ELIGIBILITY

All bowlers must have a current season USBC membership. Non members may qualify by purchasing associate memberships for \$21.00.

AVERAGES

Highest Standard

Bowlers must use their highest winter or spring 2016-2017 average (21 games or more one league).

Bowlers with no previous season's average shall use their current average (21 games or more) as of 1st date of bowling (April 1st). All others will bowl scratch (220).

Bowlers are responsible for verifying their own average, whether submitted by the bowler, team captain or others.

In the case of a team of 2 or more bowlers, the averages shall be combined to determine if the correct total is higher or lower than the submitted total.

If their submitted average is lower than required and results in a lower classification or more handicap, the bowler's score is disqualified.

If the submitted average is higher than required, prize winnings will be based on the submitted average.

Corrections in average can be made up to the end of the 1st game of the series, or within 48 hours after the end of a series if the tournament manager, prior to the finish of the 1st game of the series, has given consent authorizing such extension.

AVERAGE ADJUSTMENT

**10 pin average increase rule is in effect.
Bring current average form when you check in.**

Winnings of \$600 or more in any tournament in the past 12 months, must be reported at time of entry

Re-rating Rule 319e shall apply to all bowlers
If a bowler's accumulated tournament average, during the past 12 months for all, but not less than 21 games, exceeds the entering average by 15 or more pins, the accumulated tournament average must be used.
